PENCILLETES.

City council to-night.  
Cider Mills at W. W. Woodruff & Co's.  
Fifteen hundred dollars. Take or shut up.

The republican outlook in Knox county is bright and auspicious.  
To-night the Garfield and Arthur club meets in regular weekly session at the court house.

Fine Table and Pocket Cutlery at W. W. Woodruff & Co's.  
To-day there will be public speaking by republicans at Beaver Ridge and Pleasant Hill, in this county. Both speaking will occur at 1 o'clock p. m.

Capt. Geo. R. Margrave, at Clinton, was improving some, according to the latest report. There is something remarkable about his case how he lingers so long and apparently at the point of death all the time.

Mr. Geo. W. Ross informs us that the Bradley county marble works, in which he is interested, situated near Red Clay, Ga., and run by Mr. Jas. R. Edwards, are progressing finely. They are turning out a quantity of excellent marble, for which ready market is found.

The democrats are willing to bet on Billy Anderson carrying the city of Knoxville, but when it comes to the general result in the county they are "off." Some of them would be wonderfully surprised if they should lose their stakes on the result in the city. More improbable things have occurred frequently.

Oliver Chilled Plova and Repair, at W. W. Woodruff & Co's.  
Mr. Ed. McArdle, of the house of Butt, DePae & Co., who is working on the new court house at Maryville, was over yesterday, and took back with him his bicycle, for the purpose of putting in spare time on the level roads about Maryville. He expects to return to Knoxville his next trip on the bicycle.

Fly Fane! Fly Fane! Four different kind, at W. W. Woodruff & Co's. A card, bearing date of 24th inst., from Capt. D. M. Parker, who is in Colorado, to his brother conductor Capt. Chas. Toms, which we have been permitted to read, says General U. S. Grant was robbed of \$400 or \$500 while at Colorado springs. Mack was at the time stopping at a country house, seemingly well pleased, but we are sorry to notice from the tone of his writing that his improvement is quite slow. He reports it cold, with snow on the mountains near by.

Customer—"Why are 'Malt Bitters' so popular?"  
Druggist—"Because, as a Food Medicine, they enrich the blood, harden the muscles, quiet the nerves, perfect digestion."

The CHRONICLE job office is prepared to print election tickets on short notice.

Good Wages in Texas.  
Mr. L. T. Dempsey, who is connected with the Texas Pacific railway, which is being constructed near Fort Worth, Texas, has been visiting East Tennessee friends for some days and left on his return trip on this morning's train. Several young men from Johnson City and this place accompanied him. Mr. Dempsey informs us that there is a fine opportunity there for laboring men. He says they are paying common laborers \$1.75 per day, and the wages range from that up to \$3.50 per day.

The Toledo Weekly Blade  
Say they are personally acquainted with the managers of the DAY KIDNEY PAD CO., whom they know to be responsible and reliable men.

A TELEPHONE EXCHANGE.

Knoxville to Join the Column of Progress.

Among the arrivals yesterday we note that of Mr. H. H. Taffmudge, general manager of the East Tennessee Telephone company, and Mr. W. C. Huff, superintendent of the construction department of the same. These gentlemen have come to Knoxville to make arrangements to locate a telephone exchange in this city. Mr. Huff has just completed one in Chattanooga, which is spoken of by all acquainted with the subject as one of the finest ones in the United States. All the latest improvements are used, and his experience in the business have united to produce results which can not be surpassed.

It is entirely unnecessary for us to call attention to the benefits to be derived by our citizens from the institution of an exchange in our midst. The invention of a telephone is second only to that of movable types, the printing press and Morse's telegraph. It is one of the prime factors with which modern man annihilates space and tends more strongly to "make the world kin." Generations yet unborn shall rise up to call the great Bell blessed, nor shall the present one be lacking. Through its working conveniences have arisen which were hitherto undreamed of. The telephone is becoming as widely spread as the telegraph, and its usefulness is no less apparent. Exchanges have now been located in the principal cities of the south, and everywhere the press speaks in the warmest terms of its beneficial presence.

The business men of our city will be waited upon during the day to solicit patronage for the proposed exchange, and if a sufficient number of subscribers can be obtained, the institution will be a fixture in Knoxville in not more than thirty days. The arrangements, working manner and other information will be given, and its benefits, as nearly as they can be, will be pointed out by Messrs. Taffmudge and Huff. We would urge our business citizens to look on this with an eye to their own good, for that is all that is necessary for its early erection.

From Eminent Dr. H. R. Hopson, Memphis, Tennessee.

"This is to certify that I have made use of Golden's LIEBIG'S LIQUID EXTRACT OF BEEF AND TONIC INVIGORATOR in several cases of consumption and general debility, and have found it to act admirably in such cases as a nutritive food and tonic. Sold by Sanford, Chamberlain & Albers, and Hunter & Co., Knoxville, Tennessee."

Reflections on the Sunday Law.

A brief item of news in our columns yesterday to the effect that our evening cotemporary, whose editor is a Methodist preacher, attempted to prove shoving on Sunday a necessity, and thereby prove that the Sunday law should not be enforced, seems to have struck a tender spot. The boss editor, himself, consumes space in two or three different places of his paper to disclaim the authorship. The inference is left that his wicked editor is the guilty party. The good brother should take his local, the "Majah," to some of his meetings and labor for his conversion.

Again the good brother gets somewhat worked up over another statement in our columns about reading out of the party the democratic adherents who advocated the "detective" clause of the Sunday law. Now, in a lengthy article to put a quietus upon the rumor that Billy Anderson, Democratic candidate for sheriff, was instrumental in having the "detective" feature introduced in our Sunday law, the good brother used the following emphatic language:

"The position of the democratic party in this is one of unequal condemnation of the monstrous procedure in question (the detective system). We say this unhesitatingly and understandingly. They condemn it to a man."

In the same notice he enumerates some five or six democratic adherents who sustained the Sunday law, "detective" clause, and all. Then he states "unhesitatingly and understandingly" that the democratic party in the city "condemn it to a man." Where does this leave these democratic adherents? If they are not thus virtually "read out," where are they? It is a matter of little importance to devote so much space to, but we simply wanted to illustrate the good brother's consistency, that most precious of all jewels.

Madame Foy Corsets, at Dunbar's.

Personal.

Messrs. James Carter and Joe Brown returned yesterday morning from a pleasant trip to Austin's springs, also taking in Roanoke mountain during their stay.

Miss Lizzie Moore arrived in the city Wednesday night from Rome, Ga., and is a guest at the home of Dr. Jno. M. Boyd.

Miss Lizzie Lewis, and her two nieces, Misses Margie Hayes and Blanch Lewis, left on the noon train yesterday to spend a few weeks at the country home of Mr. Keller, down the road.

Rev. Dr. Jno. F. Spence, wife and children, went up yesterday evening to visit friends at Greeneville, and will also extend their visit to Happy valley; Carter county, before returning.

Col. Hugh Martin and family went up on yesterday evening's train to Tate spring.

Mrs. Reid, sister of Mrs. S. M. Drake, left with her family on the noon train yesterday for Eatonton, Ga., to make their future home.

Bad News for the Democrats.

An influential farmer from the lower end of the county, of democratic proclivities, and one of the leading men in the party, brings rather poor encouragement for those loud mouthed democrats about the city, who are swearing by all that's good and bad that Billy Anderson is going to be the next sheriff, but who, when called upon to back their judgment, fail to respond. This leading democrat was heard yesterday to give expression of his views of the matter to a small crowd, composed of leading city democrats, with the exception of a CHRONICLE representative. The country democrat first inquired of the others about the political outlook in county matters. One of them replied that Anderson and Swan were going to be elected, the others ventured no prediction of their own. Finally the country democrat was called upon to give his opinion, inasmuch as he was a leading man in the party, and posted, especially in the lower end of the county. His reply was frank and something like this: "Well, gentlemen, I'm just as much of an Anderson man as any one, but I believe we're gone up." He said that was the way things looked in his part of the county, and that Gossett appeared to be sweeping everything. He expressed his belief that he (Gossett) will carry both the 10th and 11th districts. But few more words were passed on this subject, and the gathering dispersed.

A Boom for Garfield.

HIGH POINT, TENN., July 27.  
MR. EDITOR: The republicans of the 16th district of Knox county assembled at Pleasant Hill on Saturday, July 24th, at 7 o'clock p. m., and the following organization was made: The house was called to order by F. R. E. Channaberry, who was elected chairman at a previous meeting. After stating the object of the present meeting, the chair appointed a committee of three on the nomination of officers of the Garfield club, consisting of Geo. W. Newman, Philip Sherrod and Peyton Carter. The committee retired for a few moments, and on returning made the following report:

For president of the Garfield club, F. R. E. Channaberry; vice presidents, James Bates and G. W. Newman; recording secretary, W. D. Johnson; corresponding secretary, J. F. Wilson; sergeant-at-arms, John Arms; treasurer, Milton Witt.

Executive committee—H. L. Clift, W. K. Leeper, W. H. Newman, John A. Sherrod and J. W. Sherman.

The report was received, and all the above named officers unanimously elected. The club was named the PLEASANT HILL GARFIELD CLUB.

It was ordered by the club that a copy of the above proceedings be sent to the KNOXVILLE CHRONICLE and The Republic for publication.

The club no numbers upwards of one hundred and before the November election the whole republican ranks will be filled. The district votes 204; of these, it has been ascertained by a thorough canvass, that Gossett and Swan will receive about 142, and Anderson and Smith will receive about 62. It is safe to say that an old time republican majority will roll in from the loyal 16th. Greater harmony and unity exists in the republican ranks than ever before.

We will only have to look beyond the dust of an hour and listen above the din of the democratic scrawl to see the republican marching in victory with Garfield and Arthur at its head.

The club adjourned till next Saturday night, July 31st, at 7 o'clock.

F. R. E. CHANNABERRY,  
J. F. WILSON, Chairman.  
Cor. Secretary.

PUBLIC SPEAKING,

By Judge Hawkins, Republican Candidate for Governor.

Judge Alvin Hawkins, the Republican candidate for governor of the state of Tennessee, will address the citizens of East Tennessee on the issues of the state campaign at the following times and places:

Sevierville, Saturday, July 31.

Maryville, Monday, August 2.

Headache, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Biliary Attacks, Palpitation of the Heart, Pain in the region of the Kidneys, Dyspepsia and Forebodings of Evil, are the off-ings of a torrid Liver. For these complaints Dr. TUTT'S LIVER PILLS has no equal. A single dose will convince anyone.

SLEEPINESS almost invariably arises from a disordered state of the Stomach. Stimulate the organs of digestion, regulate the bowels and thereby produce sound and refreshing sleep. Narcotics and sedatives murder sleep, and such forced and unnatural sleep is soon followed by ill effects. But Simmons' Liver Regulator will remove the cause of restlessness and sleeplessness by regulating the Stomach; thus, by improved digestion—a regular habit of body—free alike from laxity or constipation—good health will be established, with its attendant blessing, sound sleep.

"I have been a great sufferer from Dyspepsia and loss of sleep. As soon as I feel the least nervous, I take a dose of Simmons' Liver Regulator, and sleep all night."

"MRS. RUTHED BRYANT, Griswoldville, Ga."

Base Ball.

There will be a game of base ball between the Condons and the Knoxville Greys on the college grounds this afternoon promptly at 2:30 o'clock. The Greys are a newly organized club, and will, no doubt, cause the Condons to look to their laurels.

A letter was received by Mr. H. M. Rodgers, of the Condons, yesterday, stating that a club had been organized in Chattanooga composed of three of the famous "Roanoke," who played the "Reds," three of the "Tom Fords," and three of the "Holstons" to play the Condons. In consequence of the above facts, a meeting of the Condons will be held immediately after the game this afternoon.

THE FOLLY OF FOLLIES. Many persons are accustomed to disregard all slight symptoms of disease, saying, "Let it go as it came." But when one feels the symptoms of Kidney Disease—such as pain in the back and loins, palpitation, urinary derangement, etc.—to neglect them is the folly of follies. Kidney, Bladder, Liver and Urinary Complaints are always liable to end fatally if neglected. The true cure for them is HUNT'S REMEDY, the Great Kidney and Liver Medicine. There is no symptom or form of Kidney Disease that HUNT'S REMEDY is not master of. Sold by all Druggists. Trial size, 75 cents.

A Benefactress.  
Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Buns" to say "A blessing on Mrs. Winslow" for helping her to soothe and escape the crying, colic and teething sleep. Mrs. WINSLOW'S SOOTHING SYRUP relieves the child from pain, and cures dysentery and diarrhoea. It softens the gums, reduces inflammation, cures wind colic, and cures the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power, we would make her, as she is, a physical savior to the infant race. Sold by all druggists. 25 cents a bottle.
